

## Discover new ways for your employees to save on health benefits.

Several North Texas area chambers\* now offer association health plans (AHPs) to current members in collaboration with UnitedHealthcare. Through the North Texas Employer Health Plan Cooperative, small groups in the Dallas-Fort Worth area\*\* may take advantage of group plan designs and rates that are available to large employers, and can be better tailored to the needs of your employees. Take advantage of your chamber membership today.

### It pays to work with a proven leader.

When it comes to providing group members with health coverage—which, under the new rule, can now help be the main purpose of the AHP—UnitedHealthcare is uniquely positioned to help deliver group benefits that offer cost control, convenience and choice.

#### Expertise dealing with AHPs.

For over 20 years, UnitedHealthcare has been serving nearly 1 million employees from associations, helping them make informed choices about their health care costs and needs.

#### Plan options and savings.

A wide selection of flexible plans to choose from, including medical, dental, vision, life and disability, offers many ways for associations to help control costs. Bundling plans may bring savings and simplicity.

#### All the benefits of your chamber membership.

Your Chamber of Commerce invests in a broad range of programs that build and support a prosperous regional economy, and is regarded as the leading voice for local businesses in the Dallas-Fort Worth area. It provides a venue through which members can get involved and accomplish collectively what no one business could do alone.

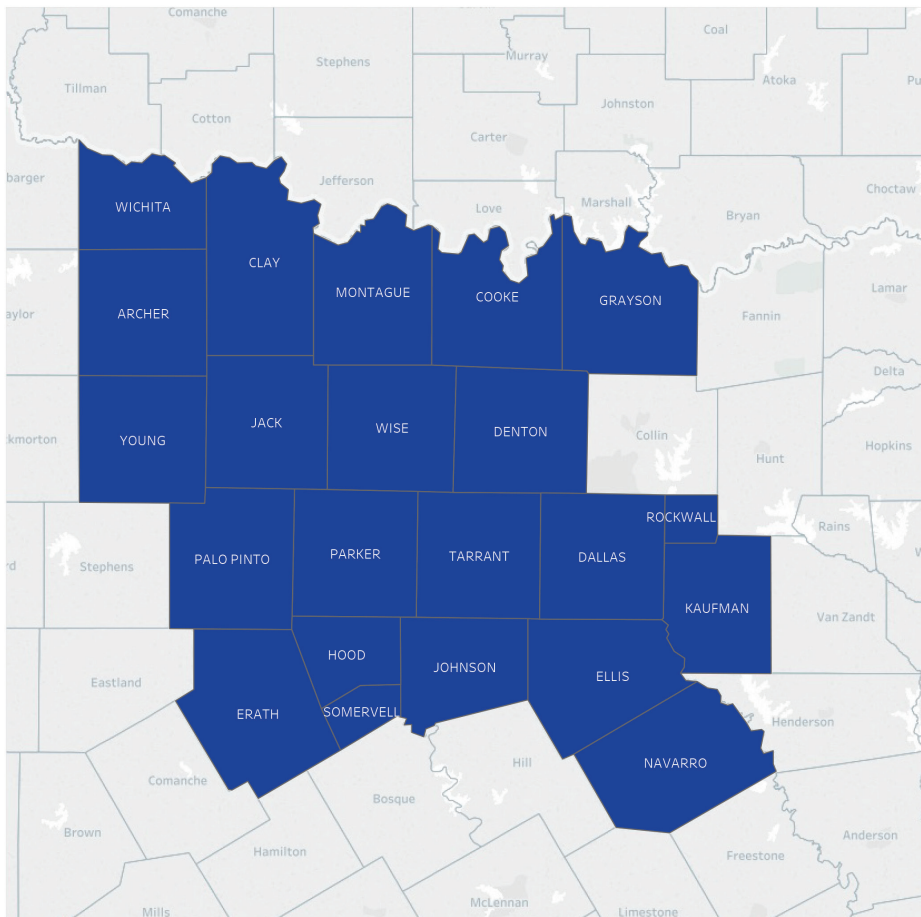

### Empowering small groups with more purchasing power.

By joining together, small groups may:

- Obtain coverage options that are available to large employers, which can be less expensive.
- Reduce administrative costs through economies of scale.
- Strengthen their bargaining position to obtain more favorable rates.
