**"People buy into the leader before they buy into the vision."  
John Maxwell**

"People buy into the leader before they buy into the vision." I think most of us can agree with John Maxwell in that we need to believe in our leaders before we follow them. And yet, at times we find ourselves in the leadership role. It may look easy to lead a group of people, an organization or a business, but it's not. There are many tough decisions that must be made and at times it feels "lonely at the top."

The Chamber is a great way for leaders to come together to support, encourage and network with each other. We all have different strengths and abilities that we can share with one another and also learn from each other as well. I encourage you to step out of your comfort zone and join me along with other leaders in our community as we desire to be a part of something much bigger than ourselves.

The Chamber's mission is to support good business practices and to promote new business opportunities in order to build our community of tomorrow. Isn't that what we all want - to have a stronger community of tomorrow? Make the decision today to clear your calendar for the 4th Wednesday of every month for the chamber luncheon. Join us February 28th as we will welcome Mayor Alan Hugley of Red Oak as our guest speaker.

See you there!

Scott Fuller, Life Schools  
Chair of the ROACC Board of Directors

## SPEAKER

Michelle Fain  
*Health & Wellness in the  
Work Place*

Michelle has worked in the Medical field for over 30 years, as a Medical Office Nurse and as an Office manager of Medical Clinics; Physical Therapy and Chiropractic Clinics. She attended Mountain View Junior College and received her Radiology NCT from the University of Texas in Austin.

The past several years Michelle has become passionate about health and so are the Doctors she works with. Her goal is to help people become healthier and off massive amounts medication and to live longer and more productive lives.

You can find Michelle at Ellis County Back Institute in Waxahachie 972-937-0086. Her office is willing to come to your business for free to help you see the places that are potentially unhealthy to employees. After all, a healthy employee means better productivity and less loss of time at the workplace.
