- Liberty Village, Glencoe Road, 40 single family units
- Woodbridge Lakes, Roberts Road, 103 single family units
- Oakleaf Preserve, between Mission and Park Ave, 375 single family units
-

City Capital Projects:

Stormwater Canal/Ditch Maintenance

With the alternating periods of heavy rain and dry spells, some canal banks slump. Please be aware that these steep ditches are similar to sand castles and it takes a lot of maintenance to keep up with each section. Contact the City (386-424-2400 x4007 or [click here](#)) if a large section falls in but please understand that it takes some time for crews to repair each such area of erosion. The best thing homeowners can do is to direct all of their runoff toward the street and not toward the canals. It is important for residents to remember that the City's stormwater conveyance system is not intended for wading, swimming, fishing or watercraft usage.

WaterGoat Installed near Veterans Park

A WaterGoat is a device that helps catch trash before it enters a large waterway. It was installed in partnership with Surfing's Evolution and Preservation Foundation and the Riverside Conservancy group. [Click here](#) to read more about how the WaterGoat works.

West Park Avenue Widening

Volusia County is widening Park Avenue from Dale Street to Old Mission Road by adding a "continuous left turn lane", similar to the segment from Dale Street to US-1. The road will be realigned between Dale Street and Airpark Road with an S-curve to move the road as far as possible from the runway of Massey Air Park. Pipe and stormwater work are underway.

Reclaimed Water Extension

Extension of reclaimed water lines is approximately 80% complete. Pressure testing of the line from Willow Oak Drive to west of I-95 along SR 442 has been completed and passed inspection. Tie-ins and finish work is being completed along West Park Avenue to Dale Street.

Park Project Updates: Kennedy Park

The seawall repairs at George R. Kennedy Memorial Park have been approved by City Council. An engineering firm is working on the soil borings.

The City has received approval from Florida Inland Navigation District for grants for the seawall repairs of \$150,000 and a Disaster Fund Grant of \$320,000 for the boat ramp replacement. The US Army Corp of Engineers permit application was received. Bid Package was uploaded to DemandStar Monday 9-16-19 and will be available Tuesday, 9-17-19

Date	EdgeFest?	Event	Time	Location
1/26/19	EdgeFest	Classic Car Show	12:00 PM - 4:00 PM	Hawks Park

Subject to change, please confirm prior to event 386-424-2400 ext. 7204

ECONOMIC DEVELOPMENT INCENTIVES **2019**

- **Edgewater is a Designated Opportunity Zone**

Opportunity Zones, as established in the federal Tax Cut and Jobs Act of 2017, encourage long-term investment and job creation in targeted communities by reducing taxes for job creators. Opportunity Zones maintain their designation for 10 years. The program encourages private investment in these zones by providing a tax incentive for investors who invest in qualified businesses and property in these areas.

Investors, such as businesses, developers and financial institutions that invest in targeted areas can defer capital gains taxes through investments in federally-established Opportunity Funds.

- **Waiver of Annexation Fees for Residential and Non-Residential Properties**

This Resolution waives the various fees associated with Annexation Fees for both non-residential and residential zoned properties into the City of Edgewater. (Resolution 2013-R-12) Extended to September 30, 2018

- **Pledge of Fill Material for ParkTowne Development**

The Resolution permits the use of fill material from the Florida Inland Navigational District (F.I.N.D.) for the development of projects within the ParkTowne Industrial Center. Each eligible project could receive up to 750 cubic yards of fill material for each Full Time Equivalent (FTE) job created at the completion of the project. (Resolution 2010-R-07)

- **Designating Properties as the “Edgewater Redevelopment Area” (ERA)**

This Ordinance allows for various incentives for the redevelopment and rehabilitation of abandoned or underused commercial and industrial areas. It is for the purpose of environmental remediation, rehabilitation and economic development. (Ordinance 2010-O-07)

- **Tax Abatement (New City Property Tax Exemption)**

This Resolution allows the City Council to grant, pursuant to the State Constitution, property tax exemptions to new businesses and expansions of existing businesses that are expected to create a minimum of 10 new, fulltime jobs in the municipality according to F.S. 196.012. (Resolution 2015-R-21)

- **Edgewater Community Redevelopment Area (US1 Corridor North City Limits to Falcon Ave)** Using increment revenues collected in the designated district for the purpose to improve blighted and slum areas within the community, CRA was created (*Resolution 2015-R-08*). The CRA Area consists of 400 acres, 509 parcels (2.8% of total City). Vision includes: addition of attractive Downtown with Kennedy Park as focal point; safe, viable and sustainable commercial areas, affordable and attractive neighborhoods, safe transportation network, pedestrian connections, and public space; and environmentally sound storm water infrastructure.

Edgewater Business Assistance Services

The City of Edgewater is ready to assist you to meet your business goals.

We Can:

- Provide site visits to assess how you can maximize the use of your property for new development or expansion, depending upon your needs.
- Assist in the preparation of applications for City Property Tax Abatement for new and expanding businesses. The City now has available a City Property Tax Abatement Program for new and expanding businesses that meet certain criteria.
- Apply for Environmental Site Assessments (Phase 1 and Phase 2) at no charge through a US EPA Grant (Brownfields) that was awarded to the City of Edgewater, Oak Hill and New Smyrna Beach.
- Provide information such as Retail Marketing and Demographics Reports for your business idea or expansion for 5, 10 and 15 mile radius from business location including GAP, household income and other demographic information.
- Arrange for no-cost business advisory services through:
 - SCORE
 - Small Business Development Center at Daytona State College
 - Career Source
 - Volusia County Economic Development
 - Team Volusia
 - CEO Business Alliance
 - SEV Chamber of Commerce
 - The Florida MEP (Manufacturing Extension Partnership)
 - Grow FL
