## VILLAGE OF GLEN ELLYN

### Smart LED Street Lighting Program

Beginning this week, ComEd plans to change-out all ComEd non-LED streetlights to LED as part of the Smart LED Street Lighting Program. The upgrade will significantly reduce energy

consumption and improve lighting quality. Work will be primarily performed at night from 11 p.m. - 6 a.m. If daytime hours are needed, the work will take place between 9 a.m. - 3 p.m. to avoid peak rush hour times. ComEd expects the project to take 2-3 months.

The Village will incur no additional costs for these improvements, and ComEd estimates that with the Smart LED efficient bulbs, the Village will save approximately \$28,000 per year in electricity charges.
