This one day 8 CE program is a hands-on training session on how to use Dr. Ammendolia's 6-week research proven "boot camp" for lumbar spinal stenosis (LSS). This is an evidence-base multi-modal approach focused on improving functional status especially walking ability. This workshop will provide step-by-step training on how to perform all necessary patient exercises, manual therapy techniques and how to provide patents with self-management strategies. At the end of the workshop the participant will be able to implement the Boot Camp Program in their clinic.
