Endorsements and Restrictions

Additional testing and fees are required to add endorsements or remove restrictions from your CDL. Adding school bus and passenger transport endorsements requires a road test in an appropriate vehicle. To renew a hazmat or school bus endorsement, you need to retake the knowledge test. The knowledge test is not required to renew licenses with other endorsements.

In order to renew or upgrade your driver's license with school bus, hazmat or other endorsements, you must pass a written test for each endorsement.
