

ABOUT US

SFFMA is the oldest and the largest fire and EMS service association in the state. Membership includes 1200 fire, EMS and International departments, 19,000+ individual members, and 80 industrial fire brigades. The cornerstone of the organization is the Certification Program for firefighters, which encourages training, education and certification for all emergency responders.

The SFFMA founded, and now supports and sponsors, the world's largest fire training school, at Texas A&M University, providing instructors and professional service on the TEEX Fire School's Advisory Board.

In addition, the association is extremely active in legislative efforts that affect the emergency service of Texas.

"Over the years, we have found SFFMA to be a tremendous asset and partner in expanding and solidifying our business. We appreciate all that the association and their members do for our business and consider sponsorship as just another way to help the association and our business at the same time! We consider it money well spent."

Barbara Marzean, VFIS of Texas

"Government Capital's partnership with SFFMA on the Texas Fire Facilities Fund has enabled us to reach hundreds of fire departments in Texas with an important message concerning funding for stations and apparatus. SFFMA sponsorship is a great way for organizations to reach out to volunteer fire departments in Texas."

Sheila R. Reese, Government Capital Corporation
