## What Is a Chamber?

***A Chamber of Commerce is not a marketing firm. A Chamber is a connector amongst business professionals.***

Although many businesses will join the Lafayette Chamber with the idea that we are a marketing firm, that is incorrect. We can, however, refer you to local marketing and public relations firms. And we have many opportunities for you to market your business—newsletter inserts, your events on our website, Facebook promotions, sponsorship opportunities and more!

At the Lafayette Chamber, we create an atmosphere for you to easily and successfully market yourself. Building relationships in business is critical to identifying and capitalizing on new opportunities. We host and facilitate a variety of events and gatherings each year that provide members with unique networking and business-building opportunities.

Bring business cards and brochures to events, sponsor events to gain exposure to your brand, or ask us to aid you in making a valuable connection. We are passionate about helping our members thrive through relationship building.

***The Lafayette Chamber is not a for-profit business, nor an arm or department of the City. We are a membership-based non-profit 501 C (6) organization.***

We do work closely with the City to coordinate our community events, Oatmeal Fest, July 4th, Peach Fest and Brew Fest and lease space in City Hall.

Our revenues go directly back into the membership so that we can continue to provide services, networking events, online and printed business directory and website.

***The Lafayette Chamber is not a Small Business Development Center or Better Business Bureau. However, we do have the tools you need to help your business succeed.***

We work closely with the Boulder Small Business Development Center and Workforce Boulder County. We provide new businesses with information on getting started and have helpful links on our website.

***The Lafayette Chamber is here to help you succeed...use the resources we have. Your business will thank you!***

### Please be Considerate!

We've had a rash of people RSVPing for events and then not showing up.

Our Networking Mixer hosts need to know how many people to provide food for, at their expense. And we have to pay for every breakfast ordered based on RSVP's.

So we appreciate your RSVP in advance but if you know you can't attend, please let us know.

*We don't check our emails after 4:00 pm or early morning before an event!*

*Brew Fest was a huge success thanks to our Presenting Sponsor  
Morrell Printing Solutions and all our business sponsors.  
Great day, great crowd and fun time had by all!*
