Hello Members,

What a month we had with all the awards given out at our Celebrate Dinner held at Britten Middle School Gym. Congratulations to all the honorees that help make up the fabric of Morgan Hill!

It was a huge success for our Celebrate Organizing Committee after all of the nervousness in changing things up this year, creating the Back 2 Prom theme and the event being held in the ancient Britton Middle School Gym. Great Job!

Our goal at the chamber is to engage with you, our members and to be your voice on topics of business that pertain to you. We at the chamber have worked very hard to establish ourselves to be independent of the City of Morgan Hill, but to nevertheless work closely with them and maintain open conversations on topics that concern Morgan Hill and our members. Recently our Member and Community Relations Director Brittney Sherman and I had the pleasure of getting to know and signing our newest Large Business Chamber Member. Please join us in welcoming PARAGON MECHANICAL, INC. Thank you to Vice President Steve Benakovich for the in-depth conversation about Paragon Mechanical and what it means to live and work in Morgan Hill. He realizes the benefits for his employees that are commuting from Hollister and beyond. PMI is a great fit for Morgan Hill. We discussed the importance of reaching out to our high schools and engaging our members in a discussion of how we can better prepare our students for the game of Life.

The Chamber of Commerce, with help from our members and the community, engages in preparing our local high school students by way of our Rock the Mock program, helping students to prepare for job interviews. The next step to take is to educate students on Credit and how it works, student loans and what they really cost helping student gain Financial Literacy. We would also like reach out to our local business to do internships during the summer or in the evenings. We as a Chamber feel the need to help prepare our youth through business and engagement.

Please join us at our next chamber mixer on March 15 at the Morgan Hill Grange. There will be several non-profit organizations with information on how you can "Pay it Forward".

I look forward to meeting you and receiving your thoughts and feedback. If you have any questions about the Chamber please feel free to contact me.

Thank you and please enjoy our Newsletter.

Morgan Hill City Council unanimously approved a Magical Bridge Playground in Community Park, committing to obtain \$2 million in funding for the playground. The City of Morgan Hill will partner with Magical Bridge Foundation this fall to apply for a Santa Clara County Matching Grant for an additional \$2 million. It will be the first inclusive playground in the stretch between San Jose and Salinas.

The road to Magical Bridge Playground in Morgan Hill will be paved by many over the next year. But the first trail was blazed by Shirlee and Ron Locicero's lifelong commitment to all children as teachers and volunteers.

Visit Magical Bridge Playground in Morgan Hill for information about the playground and ways to support the project. If your company, foundation or community group would like to partner with Magical Bridge Foundation, kindly contact Jill Asher at jill@magicalbridge.org.
