We are founded by a Morgan Hill native and our goal is to provide the community with a fun, family friendly place to enjoy fresh craft beer. We have 12 taps that are constantly rotating, offering plenty of variety. All of our beers are made by using a rare, hands-on brewing technique to produce unique and flavorful beers. Come experience the only place in Morgan Hill where you can get quality craft beer that is brewed on-site. We'd love to meet you!"

Shannon Wilkinson, CPA-

After working 20 years at CPA firms throughout the South Bay Area of California, including 3 years with a Big 4 CPA firm, I recently made the decision to open my own Tax and Accounting practice to serve our local community. My clients want to pursue their dream of building an awesome business, and I get excited along with them! I'm a true Tax and Accounting nerd so I pursued a Masters in Taxation at San Jose State University and graduated with honors. Now I share my passion and teach accounting classes at Gavilan College. Being a true hometown girl I grew up in Hollister and now live in Morgan Hill with my husband and two children. I enjoy volunteering with Girl Scouts, quilting and learning the latest tax laws. Joining the Morgan Hill Chamber of Commerce has already helped me feel more connected to our community, and I look forward to building lasting relationships.

Carbon-Free Energy and Wine: A Perfect Pairing (Article from SV Clean Energy)

The family-owned Guglielmo Winery, a local favorite in Morgan Hill, has been in operation since 1925. The winery cut its carbon emissions by more than 35,000 pounds in 2018 from receiving SVCE's carbon-free electricity. We spoke with George Guglielmo, third generation winemaker, to hear more about why the winery chooses clean electricity.

"I've been here all my life, my kids were raised here, I was raised here, so I think anything we can do to improve the environment is well worth what we do here. We've always strived to use less of what we have, not more, and try to conserve as much as we can," says George.

"I think it's everybody's responsibility to look at the world and realize we're going to have children, grandchildren, great-grandchildren, and hopefully we can realize that we need to take care of what we have as the population of the world expands."

Red, White, Silver and Gold: Solis Winery Harvests Six Awards in 2019 San Francisco Chronicle Wine Awards

January 15, 2019 (Gilroy, CA): Just a couple of **weeks** into the new year,

Solis Winery in Gilroy is **already** reaping more prestigious awards for their wines produced in the Santa Clara Valley. Solis Winery was awarded two gold medals and four silver medals in the 2019 San Francisco Chronicle Wine Competition, ranking them among the very best winemakers in North America.

Solis Winery took home two gold medals for the 2014 Reserve Estate Baciamei and 2016 Estate Grenache. The winery was also awarded four silver medals for the 2014 Reserve Estate Cara Mia, 2014 Estate Seducente, 2014 Estate Syrah, and 2015 Estate Zinfandel. All wines are grown and produced in the Santa Clara Valley.

Vic Vanni, co-owner of Solis Winery, said, "To receive this number of awards in America's biggest wine competition is truly an honor. Quality always comes first at our family-owned business, and we take great pride in producing some of our region's most outstanding wines and unique varietals. We encourage people to come visit our tasting room and try our award-winning wines for themselves!"

Originally founded in 1983 as the Cloverdale Citrus Fair Wine Competition, the San Francisco Chronicle Wine Competition is the largest competition of American wines in the world. In the 2019 competition, a panel of 64 professional judges representing various North American wine regions evaluated over 6,800 wines from over 1,132 wineries in the U.S., Canada, and Mexico.

Security Tips for the Workplace

In a city where small businesses are in close proximity with each other, security should become a group effort. Community meetings and sharing of observations and knowledge are very helpful. Some communities hire roving security, rather than taking on the expense themselves.

Environmental Awareness is one of the first elements to get familiar with. In thinking with a “neighborhood watch” approach, the following are things to stay alert to:

- A person who is seen monitoring or scanning your facility and its activity
- A vehicle making repeated visits to your locations monitoring the activity
- A person approaching your facility who seems nervous, tense, angry
- A person whose body language suggests they are concealing something
- A person who approaches carrying a bag large enough to conceal a weapon
- A person who is dressed in a way to conceal their identity

It is often easier to observe what’s happening across the street easier than it is close up. Keep an eye out for each other. Make sure to have phone numbers as a group so that you can alert each other to what you see. Call law enforcement when something looks suspicious.

Being alert and united will do a lot to increase your community’s safety.

In safety,

Allen Banks

DESIGN MATTERS Awarded Best Of Houzz 2019

Awarded by Community of Over 40 Million Monthly Users, Annual BOH Badge Highlights Home Remodeling & Design Professionals with Top Ratings and Most Popular Home Designs

January 24, 2019 – **DESIGN MATTERS** has won "Best Of **Design**, **Customer Service**, **Design Photography**" on [Houzz](https://www.houzz.com).

The Best Of Houzz badge is awarded annually, in three categories: Design, Customer Service and Photography. Design awards honor professionals whose work was the most popular among the Houzz community. Customer Service honors are based on several factors, including a pro's overall rating on Houzz and client reviews submitted in 2018. Architecture and interior design photographers whose images were most popular are recognized with the Photography award.

"Best of Houzz is a true badge of honor as it is awarded by our community of homeowners, those who are hiring design, remodeling and other home improvement professionals for their projects," said Liza Hausman, vice president of Industry Marketing for Houzz. "We are excited to celebrate the 2019 winners chosen by our community as their favorites for home design and customer experience, and to highlight those winners on the Houzz website and app."
