National Independent
Concessionaires Association, Inc.

Certified Concessionaire Executive

The Certified Concessionaire Executive (CCE) program was developed to recognize the professionalism of Concessionaires. The title of CCE represents a deep understanding and respect for the Fair and Festival business and indicates that the titleholder will perform with the highest level of professionalism. This prestigious designation is awarded after a detailed application process.

The Concessionaire who is seeking the distinction of CCE must, prior to submitting their application, first meet the following requirements:

- *The applicant must be a current member of NICA and also a current member of one of the following associations—CAFE, IAFE, IFEA, OABA, or WFA and/or at least one State or Province Association.*
- *The applicant must have a minimum of 7 years as a full-time chief operating manager of an independent concession business.*

1

Visit www.nicainc.org/CCE to download an 11-page questionnaire, which uses a point system to determine their level of qualifications and industry involvement.

2

Write a 150-200 word personal philosophy of communication and management as it relates to the Fair Industry.

3

Email, fax, or physically mail your application, supporting materials, a print-quality photograph, and the \$90 administrative fee to the NICA Office by October 1st.

The application, along with all of the accompanying documentation, is turned over to the NICA CCE Committee for rating and review. Once an applicant has been certified, the CCE credentials are effective immediately. Said designation shall remain with him/her permanently unless revoked by the NICA Board of Directors. The official presentation ceremony takes place during the Annual General Membership Meeting during Florida Week.

Scholarship Program

Each year NICA awards educational scholarships to the youth involved in NICA and the concession business. Any current NICA Member in good standing for three years including the current year, child of a current member, grandchild of a current member, employee of current member for six months, or employee member in good standing who will be attending a college, university, or vocational/technical school is eligible to apply for the NICA Scholarship program.

NICA will award \$25,000 in scholarships in 2018! We have strengthened the Scholarship Program with the addition of the Gene O'Brien, CCE Vocational School Scholarship last year and we will continue to award one scholarship with a donation from Coca-Cola in honor of CCE-designated members. The remainder of scholarships will be provided using donations from the NICA Membership and fundraising. Additionally, this year we have extended the deadline until May 31st from the original date of April 1st. Good luck!

- 1** Visit www.nicainc.org/scholarship to download this year's application or complete it online; your school must send your transcripts directly to the NICA Office for verification.
- 2** After completing the application online, upload your three letters of recommendation and a print-quality photograph at www.nicainc.org/scholarship by May 31st.
- 3** If you complete the application offline, physically mail your typed application, supporting materials, and a print-quality photograph to the NICA Office by May 31st.

Each application is carefully considered by a select committee of NICA Members who make the final determination on the merits of the student and the completion of the application. Scholarship recipients are notified of the results in writing by July 1st and all funds are made payable to the student to be used at their discretion their transcripts have been verified. See application for more details.
