

## **Group-Work Evaluation**

| Name |   |   |          | Group #  |         |          |                       |  |
|------|---|---|----------|----------|---------|----------|-----------------------|--|
| 1.   | Overall, how effec  | overall, how effectively did your group work together on this assignment?   |          |          |         |          |                       |  |
|      | Poorly  | Adequately  |          | Well     |         | Very W   | /ell                  |  |
| 2.   | Out of the four gr  | of the four group members, how many participated actively most of the time? |          |          |         |          |                       |  |
|      | None  | One   | Two      |          | Three   |          | All Four              |  |
| 3.   | Out of the four gr  | t of the four group members, how many were fully prepared for the activity? |          |          |         |          |                       |  |
|      | None  | One   | Two      |          | Three   |          | All Four              |  |
| 4.   | Give one specific example of <u>something you learned from the group</u> that you probably wouldn't have learned working alone. |   |          |          |         |          |                       |  |
| 5.   | Give one specific that they probabl   |   |          |          |         | o meml   | bers learned from you |  |
| 6.   | Suggest one chan  | ge the group co   | ould mal | ke to im | prove i | ts perfo | ormance.              |  |
|      |   |   |          |          |         |          |                       |  |
