Business Career Academy

Sebeka High School

The Business Academy is the gateway to a wide variety of careers in the business national and international world. Students learn the foundations of a business organization such as the economic factors that affect business decisions, financial management, and marketing products or services. Students not only development a business plan as part of this Academy but also gain skills needed for personal financial plans. Students completing this academy will have the skills necessary to gain entry-level employment or the basic knowledge to continue on to higher education.

ACADEMY COURSES

Business Mathematics — 1 High School and/or 3 College Credits

Business mathematics deals with both personal and business finances. Learning about personal wages, related taxes such as income, social security and Medicare as well as payroll deductions will be highlighted. Students will understand the benefits of having a checking account, savings accounts, insurance and credit cards will make you a better consumer.

Sports Management and Marketing — .5 High School Credit

This course focuses on basic management principles as they relate to the business of sports. Students are introduced to sports marketing techniques and approaches, sports law, sports supervision, sports media, sports ethics, recreational sports management and other related areas. There is an emphasis on developing and improving communication skills. An overview is provided with regard to career opportunities in this field.

Accounting — 1 High School and/or 3 College Credits

This course is a practical introduction to accounting for business owners and managers. Accounting principles and practices are blended to provide a foundation for the financial management of service and merchandising businesses. The procedural based model of instruction provides a hands-on learning experience with accounting principles and processes.

COMPLETION STANDARD

Students wishing to receive a certification must complete all courses and must earn at least C or better average. Additionally, students must follow the Sebeka high school attendance policy.

CAREER EXPERIENCES

Students will explore and research careers with industry speakers, attend the Bridges Career Exploration Day event and other regional career fairs, and have the possibility of a job shadow or business tour experience. Students will also complete a business plan.

JOB SKILLS

In addition to having technical skills, employers expect their workers to have other skills such as:

- Listening skills
- Be an active member of a team
