

Script for Presenting the Awards

Congratulations Graduates. It is my honor to present *High School Name* Bridges Career Academy Awards. The Bridges Career Academy and Workplace Connections Program provides students throughout Region 5 opportunities to explore a variety of careers. Students take a series of courses and participate in real-world business experiences as they determine if a specific career is right for them.

The recipients of the Bridges Career Academy Awards have met the Academy requirements and I wish to congratulate them because they have taken the first steps in determining a future career pathway.

The following students are being honored for their accomplishments with a green honor cord and a certificate of completion.

Name	Academy

Ladies and gentlemen please help me to acknowledge this year's Bridges Career Academy Award recipients.

(Applause)
