

LEGACY AND ESTATE PLAN GIFTS

Legacy gifts are donations from your estate—a transfer of cash, securities, or other property made through your estate plans. You can make a legacy gift to the California Homebuilding Foundation (CHF) by including language in your will or living trust leaving a portion of your estate to the Foundation, or by designating CHF as a beneficiary of your retirement account or life insurance policy.

Remembering CHF with a legacy gift from your estate will help sustain and strengthen the Foundation in years to come. Some advantages of creating a legacy gift include:

- A legacy gift costs nothing now, but provides peace of mind knowing you have provided for CHF in the future
- You maintain use and control of your assets during your lifetime
- You may modify your legacy gift if your circumstances change
- Gifts to CHF from your estate are exempt from federal estate taxes
- If you let CHF know your plans, we will be able to thank you and recognize you as a benefactor of the Foundation

MAKING A LEGACY GIFT

A legacy gift to CHF can be made for a specific amount, for a percentage of your estate, or for all or a portion of what is left after you have made bequests to your family. To make a gift to CHF from your estate, you must sign a new will or living trust instrument, add a codicil to your present will, or make an amendment to your present trust instrument.

Alternatively, you can designate CHF as a beneficiary of a retirement plan or life insurance policy. To do so, contact the retirement plan administrator or life insurance company and complete the appropriate beneficiary designation form. You can designate a specific purpose for such a gift with a separate letter prepared with assistance from the CHF Administrative Office.

PLANNING YOUR LEGACY GIFT

When planning for a legacy gift, you will need to consider how you would like your gift to be used to benefit CHF; whether **unrestricted** in purpose or **restricted** to a specific program, and whether you would like it to be an **expendable** fund (to be spent when received) or an **endowment** fund (to last in perpetuity).

- **Unrestricted** legacy gifts allow the Foundation to determine how to use the funds based on its most pressing needs. Unrestricted legacy gifts are extremely valuable because the Foundation can use them flexibly to meet future needs.
- **Restricted** legacy gifts direct assets to a specific fund or particular purpose, such as a scholarship.
- **Expendable funds** are used in their entirety, generally within a relatively short time frame. Some larger expendable gifts are used over longer periods.
- **Endowed funds** provide income ever year in perpetuity to carry out the designated purpose of the fund.
Note that endowed funds have minimum required amount of \$25,000 or above.

CREATING A LASTING LEGACY

Endowed funds may be established by a legacy gift for many purposes. Some possibilities include:

- Foundation programs – such as the Building Industry Technology Academy (BITA) or the Construction Industry Research Board (CIRB)
- Scholarships – supporting students in homebuilding related programs in California
- Operational – funding the ongoing sustainability of the California Homebuilding Foundations programs and services.
- Industry Research – funding that supports research educating lawmakers and the public on the economic benefits of new home construction

A fund created by your legacy gift can carry your name, family member and/or other person you wish to honor. Named funds, because of the support they offer to programs and people, are a way to share what is meaningful to you within the California Homebuilding Foundation, well into the future.
