   a. The chair offered a motion to approve the minutes as published in the May 2012 issue of the SIG-III Newsletter and asked members for their approval. It was approved unanimously.

4. Treasurer report

   a. The treasurer was absent. The chair announced the detail will be posted later – the accounting system has now changed and will be reported at a later date.

5. SIG Cabinet meeting report

   a. Toni Carbo, SIG III Cabinet Representative, gave a detailed briefing on the cabinet meeting. The fiscal year runs from – 10/1 to 9/30 – coffee and snacks can be charged for the previous year but has to be budgeted in the current year to be applied for the coming year.
   b. Toni noted that we get about 5.50 US Dollars for each SIG member – we need to report before 9/30 how we plan to spend the money – refreshment, or speakers (even if they are not a member). If we don’t use the money, the fund will go into a pool – that will be used for all the SIGs – many SIGs don’t use their allotted budget/money. The Elsevier Foundation donated $5000 to SIG-III on behalf of Toni Carbo. Roughly, we have about $8000 balance in the budget.
   c. If we want more – we can apply for SIG fund. For next year’s conference – proposal for money request has to be in before December 1st.
   d. If we make or raise money – we can carry it over.
   e. The SIG Cabinet was not involved in the organization of this year’s Annual Meeting. Neither were the SIGs involved in the Call for proposals and announcements.
   f. Members of SIG-III are encouraged to submit/suggest ideas/criteria for SIG panels for the next Annual Meeting.
   g. SIG members are on our mailing list and we need to make sure that we get the list from Vanessa Foss.
   h. The chair of the SIG has to introduce himself/herself online and welcome members and ask others to join. Not only can SIGs suggest panels but they can also suggest keynote speakers.
   i. So many ideas were floated – compiling history – was one of them.
6. Chair report (Daniel Gelaw Alemneh).

The chair presented –planned, completed, and potential ideas and activities. He mentioned there were 14 major activities listed for the year and most of them were successfully completed.

The highlights of the year’s activities include:
